

Stewart Signs Limited – Quality Policy

Stewart Signs Limited are a leader in the printing industry, committed in providing printed products, services and installation of self-adhesive graphics and signage, primarily for the UK road fleet, rail, and marine sectors.

We continuously strive for our customers to be satisfied that we have fully identified their requirements, met their expectations, and to gain their confidence to further engage in business with Stewart Signs Ltd.

To achieve our goal, we have committed to following the principles of a quality management system that conforms to ISO 9001, meeting our statutory and regulatory requirements.

We aim to ensure: -

- everyone knows how to do their job, so it is right first time, following agreed processes.
- our people are capable of identifying our customer's needs and understand how their actions directly affect the customer.
- our suppliers understand our customer's needs through close and long-term supplier relationships.
- our standards are monitored and continually improved.
- sustainable ways of working throughout the business and our supply chain.

The Management Team regularly review our management system and standards, revising policy and setting objectives to achieve continual improvement.

Our main objectives are to continue to grow the business by exploring sustainable and new emerging technologies whilst maintaining cost control, developing our people, reducing errors, and improving our processes.

All our employees are focused on the importance of this policy and the results of any subsequent review leading to business improvements.

Our managers ensure their people understand the quality standards required and that they are consistently delivered.

Signed

Gareth Livingstone (CEO)
